

### ***Listing of Claims***

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently amended) A homogenous oral suspension comprising a beverage consisting ~~essentially~~ of apple juice and a mixture consisting ~~essentially~~ of an effective amount of tegaserod or a pharmaceutically acceptable salt thereof in the form of at least one of a powder, a granulate, a grind, and a pulver of particles, wherein the suspension provides a partitioning of the effective amount of tegaserod or pharmaceutically acceptable salt thereof.

Claims 2-4 (Canceled).

5. (Currently amended) The oral suspension of claim 1; wherein ~~said~~ the mixture is a crushed tablet.

Claim 6 (Canceled).

7. (Previously presented) The oral suspension of claim 5; wherein the crushed tablet is one crushed tablet comprising an effective amount of tegaserod maleate.

8. (Previously presented) The oral suspension of claim claim 5; wherein the crushed tablet is one crushed tablet comprising 6 mg tegaserod.

9. (Previously presented) The oral suspension of claim 5; wherein the crushed tablet is one crushed tablet comprising 2 mg tegaserod.

Claims 10-12 (Canceled).

13. (Currently amended) The oral suspension of claim 1; comprising 10 to 100 ml of the beverage consisting ~~essentially~~ of the apple juice.

Claim 14 (Canceled).

15. (Currently amended) A process to prepare an homogenous oral suspension capable of dosage partitioning, comprising packing a tablet comprising an effective amount of tegaserod or a pharmaceutically acceptable salt thereof in a piece of aluminum foil and crushing said tablet into a mixture; and adding a beverage into said mixture consisting essentially of apple juice.
